09:10-09:30	Status and Developments in NORMA Cyber	Lars B. Vold, Managing Director, NORMA Cyber
09:30-09:55	Can NORMA Cyber do more within security assessments and compliance for members? Discussion on possible next steps.	Are Andersen, Maritime ICT Manager, Westfall-Larsen Management AS
09:55-10:15	Coffee Break	
Breakout Rooms		
10:15-10:55	<b>Option 1: Attacker in the Middle (AiTM) phishing</b>  Live demo of how AiTM phishing is conducted.  Summary of the work NORMA Cyber has done within this area so far and the ongoing collaboration with other parties. NORMA Cyber has notified maritime entities about more than 100 compromised O-365 accounts, and the tally keeps increasing. How to effectively mitigate this type of phishing? How should we work with this going forward?  <b>NORMA Cyber POC:</b> Marthe, Eirik, and Ole	<b>Option 2: UsN LornTech, Industry Program on Sustainable digital transformation in the maritime sector</b>  This program was a collaboration between Lørn and University of South-Eastern Norway, supported by the Norwegian Directorate for Higher Education and Skills. Partners of the program were Color Line, DOF, Klaveness and NORMA Cyber. <a href="https://kurs.lorn.tech/sustainable-digital-transformation-maritime/">https://kurs.lorn.tech/sustainable-digital-transformation-maritime/</a>  The program has four modules which each gave 2.5 point-study credits. Status of the program and how to participate? Should we develop a short summary version as e-learning?  <b>NORMA Cyber POC:</b> Lars
	<b>Option 1: OT Security Assessments/Pentest</b>  Throughout the year, the team has performed several pentests and OT security assessments onboard vessels. This session will go through experiences and lessons learned.  We will invite members to provide feedback on how we should develop this service further.  <b>NORMA Cyber POC:</b> Øystein, Halvard, and Marius	<b>Option 2: Member Survey findings / New NORMA Cyber member portal</b>  NORMA Cyber conducted a member survey earlier this year, which focused on our intelligence products and other information sharing initiatives. 60 member representatives completed the poll. The findings will be presented during this breakout room and together with some additional questions and topics for further discussions.  Also, we have established a new member portal. This will be briefly presented with the possibility to provide feedback.  <b>NORMA Cyber POC:</b> Arne and Lars
11:35-11:55	Summary from Breakout Rooms	Led by respective breakout room POC
11:55-12:00	Closing Remarks	Lars B. Vold, Managing Director, NORMA Cyber
12:00-13:00	Light Lunch	
	Rådhusgata 25, 7 <sup>th</sup> floor
